Olympic Sports – Teacher Sheet

How to play: Teacher randomly reads the clues and students use the above sheet to guess the grid and word. Put students into two teams. First student or group to guess word and grid wins point. Later individual students come out and describe a word for the two teams to guess the grid and word. They say it out each time they guess. First to make a correct guess wins.

1

Athletes ride bicycles in this sport.

Athletes wear gloves and punch each other.

Athletes ride a horse and make it jump over a barrier.

Athletes run very fast and jump over hurdles (barriers).

2

Athletes run over a distance. The first to reach the finish line is the winner.

An athlete throws a heavy metal ball.

Athletes run and jump over a high bar.

Athletes do head stands and spin in air many times.

3

Athletes jump and strike a ball to the other half of the court. If ball touches the floor, it's a point.

From a high place, athletes plunge into water.

Athletes compete by swimming quickly.

Athletes compete by striking a small light ball across the table, with a round bat.

4

Athletes hit a feathered ball (shuttlecock) across a high net with a racquet.

Athletes throw or slam dunk a big ball a circular net hanging down from a high pole. This sport is popular in the USA.

Athletes use a bow and arrow to shoot and hit a spot.

Athletes compete by using a foil (light, flexible sword) to hit an opponent.
